Description & composition

Welcome to Guest House Elfi

In winter, our guests particularly appreciate that the ski lift and ski school of the region of Dachstein-West/Hornspitz-Mittertal are only 500 metres away from our guest house. Furthermore, the well-groomed cross-country ski run is right in front of the guest house.

Our guest house is comfortable and cosy, and furnished in the country-house style. Inns and restaurants are in close proximity.

The family sauna and warm cabin in our guest house can be used on payment of a fee. You can barbecue in the garden. Bed linen and towels are provided.

4 apartments in total. Unfortunately pets are not allowed.

All information, including information on current events, can be obtained in our guest house. Hiking maps, hiking sticks and rucksacks are available for rent. There is, of course, also a drying room.
